This beautiful, spacious ground floor house is located only thirty meters from the sea!

Living area is 188m2 + garage of 55m2. It is built on 998m2, where there is a swimming pool size: 44m2, with a beautiful mosaic.

By the pool there is a toilet with shower, and a room for pumping the pool.

The house consists of a large living room, with fitted kitchen, three bedrooms with private bathrooms and wardrobes, and one separate guest toilet. All high quality materials are imported from Italy.

Underfloor heating throughout the house, as well as air conditioners, which are located in every bedroom, even in the garage.

Electric shutters and mosquito nets on all windows and patio doors.

Automatic irrigation for the garden.

In the garage space for three cars, a small auxiliary kitchenette and storage.

If you want to have an unobstructed sea view, just climb to the roof terrace, where the sea view will delight you!
