Price : 250.000 €

We offer an apartment on the ground floor of 100 m2.

The apartment consists of two bedrooms, bathroom, toilet, hallway, living room with dining room of 52 m2.

In front of the apartment is a garden of approx. 25 m2 that belongs to the apartment.

It is possible to park there or to park in a dead-end street.

Air conditioning will be installed as well as a new front door. It is possible to heat with radiators (centrally), but it is necessary to install a boiler room (electric boiler or pellet/wood stove). Split pipes and heating radiators.

Very bright and spacious apartment.
